The Latest From The IFMA Blog

Women as Leaders in Facility Management

Women taking on leadership roles in the field of facility management over the past decade is increasing. In fact, the number of women in leadership roles in the building management industry has grown from 32 to more than 36 percent since 2005.

[Read Full Article](#)

Fiscally Responsible Ways for Facility Managers to Implement Environmentally-Friendly Practices

When green initiatives are put in place, both building owners and occupants benefit. Energy-efficient buildings cost less to operate, are healthier for their occupants and better for the planet.
