## The Latest From The IFMA Blog

### Indoor Air Quality as it Applies to Facility Management

When the term 'air quality' is brought up, most people tend to think of pollutants in the outside air. As facility managers, it is important to recognize that the air inside homes, offices, and other buildings can often be more polluted than the air outside.

### OSHA Announces Delay of Electronic Filing Deadline

Obama-era safety regulations have been coming under strict scrutiny in the new Trump administration. The final rule's electronic filing components, which went into effect at the beginning of this year, have been highly criticized, challenged in court and now delayed.
